Killbox by Ann Aguirre | dativyhimi.tk

Editorial Reviews. About the Author. Ann Aguirre is a USA Today bestselling author who lives in Mexico with her husband, children, two cats, and one very lazy.

Killbox | Ann Aguirre

Sirantha Jax is a "Jumper," a woman who possesses the unique genetic makeup needed to navigate faster than light ships through grimspace.

I know when you look at me as well as the precise instant you look at anyone. I would give this book one hundred stars. Though I know despite the cliffhanger that our Jax will somehow survive, it's not going to be an easy wait to find out how she does .

If it were at all possible, I was left with my jaw hanging and eyes wide.

All in all, this was still really good, but I had a couple issues, and it's not my favorite in the series. Now, Jax must take matters into her own hands by recruiting a militia to defend the frontiers—out of the worst criminals, mercenaries, and raiders that ever traveled through grim space.

I would very much like to read a series entirely about. Then there's the fact that from the emotional aspect, Aguirre is also adept at keeping things real without bogging down the text. It is going to be a very long wait until the next book.
