Also good addition as book to another Zakas book about optimization, but also as in another book propogandistic way to put yahoo everywhere and no a word about google tools for example. Extensive Resource for JS.

It touches deepertopics and all the intricacies of cross-browser compatibility. It is from beginner to Professional all in one. Albeit rather outdated, it's still a great reference for wannabe fronted web development. See our FAQ or contact customer service:.

This book doesn't just show trivial examples, it methodically goes through a 4-book set includes:
