Published by Elsevier Inc. What we're talking about when we talk about race. Older age is associated with higher degree of fibrosis and left atrial remodeling, leading to the electrophysiological substrate leading to AF. CI indicates confidence interval; OR, odds ratio. Patient Data Epidemiologic, cardiac and non-cardiac co-morbidity data and procedural data were obtained from the Cleveland Clinic Cardiovascular Information Registry, a prospective cardiovascular database, and our echocardiography database E-Appendix A. J Am Coll Cardiol. Published by Elsevier Inc. There was no prophylactic amiodarone use.
