That is the cover i would have picked. Soft color scheme in the illustrations emulate beachy tones.

This is a wonderful book to read with young kids. How does the heart in this book?

I received a free copy of this book for an honest review.

Great for sharing with PreK

March 17, at 9: This book is super short, contains a great message and literally

also love the endpapers for this book... you can talk about all the stamps with kids, asking them how each goes along with the story. Digital artwork in the perfect beachy palette is the real star, as all of the dog's efforts could be clearly understood even without the carefully chosen text.
