I would definatly recomend fhis book. These two work so well together, if only they can get over their animosity towards each. Most of the book dwelt on the antagonism between them and there wasn't a good explanation of how they got past . Theyhavebeenthrowntogetherinthefaceofaserialsniperandeventhoughyc The reason for the murders came out of nowhere, and just seemed to just end. Okay, I liked this book. They have been thrown together in the face of a serial sniper and even though you think you have it figured out, there is a twist which is interesting.
