Further investigations revealed however that the man had not in fact died from the blood transfusion although he certainly would have done so very shortly but from cyanide placed in his food by his wife. Encouraged by this apparent success, though unaware of the reasons for it, many other people attempted similar experiments.

Giving an insight into the first attempts at a procedure that has gone on to be used today. The victim of Denis's experiment was a middle-aged man suffering from mad rages. Shoug ahmad is currently reading it Oct 14, But at the time Denis was nearly convicted of murder. Ahmed Oraby added it Oct 20, 17th Century Parisian doctor who made blood transfusion history
