Review of Chapel Rock and Beach. Pictured Rocks and area--waterfalls etc is worth the extra driving and then some! Contrary to many peoples' assumptions, these patterns are not man made pictographs, but rather naturally created works of art made by mineral and groundwater seepage.

There was light rain, but the forest canopy kept us dry. The park also contains plenty of rivers, ponds, lakes, and gorges that can be explored via a network of inland trails. There was light rain, but the forest canopy kept us dry. Although the Pictured Rocks shore waters are a rich fishing ground, the sandstone cliffs are dangerous to canoes and other open boats skirting the coastline.

This is especially true of the roads around Beaver Lake and Beaver Basin. Iabs Mountains - a large state park in the Western Upper Peninsula known for breathtaking mountains and inland lakes.
