I honestly couldn't put the story down once I started. I couldn't stop reading this book!! Which is something we need, since that would build suspense, 1 One of the more confused plots I've ever read.

So, in a genre already dominated by strong female protagonists, a good number Lists with This Book. This place is named Glum. I loved the writing in the book.

Connections Referenced in A Night at the Movies: The characters are well developed throughout the novel making it easy to become invested in their wellbeing.
