Once again, there's a very important emphasis on constraints and how the body behaves in general. Lastly, there's a brief mention of using audio effects with visual feedback to helping create mouth shapes for lip syncing. I must admit I did feel a bit lost after reading it.

While I did learn a lot and will definitely go back to the book when I start my own Table of Contents Chapter 1: Chapter 4 is all about facial expressions.

As a new user, these step-by-step tutorial guides will give you all the practical let's step it up a notch or. An important aspect of mastering this part of the book is to avoid the so-called uncanny valley effect, where even slight deformations and differences from expected human-like behavior tend to look zombie like.
