Who should be allowed to decide on changes of orthography? It is questions like these that encourage actors from various domains and ranks to engage and intervene in often heated debates that produce a myriad of discourses on orthography. Vendryes Joseph, Ellenguaje. In this paper, we will stick to linguistic descriptions. Precisely because of all these difficulties that appear in the descriptive study of interdiction from a linguistic point of view, I propose a broader concept of euphemism and dysphemism, not restricted to the lexical plane, which goes beyond a simple substitution process, which has led us to re-think and to characterise the euphemistic-dysphemistic phenomenon towards a cognitive dimension, founded, not on the base terms, but rather on conceptual categories or forbidden realities and on pragmatic suppositions more in accordance with the relative nature and the Charlas sobre a Língua Portuguesa (Portuguese Edition) discursive performance of such linguistic processes.
